

Acknowledgement

I have received considerable support and assistance while conducting this research. I am deeply grateful to SUFER Project of DFID for providing fund to carry out this study. I am also grateful to University Grant Commission (UGC) and Khulna University authority for their assistance and support for this research. My particular thanks go to Mr. Chris Morrice, co-ordinator SUFER Project. I am also grateful to Dr. Akhteruzzaman and Mr. Morshed Ahmed of SUFER Project for their constant support during the research work. I am especially thankful to Dr. A. B. Thompson (Ex-coordinator, SUFER Project), Dr. Khairul Azam (Professor, Khulna University) and Mohammad Mufakker (Director P&D, UGC). My heart felt thanks go to my research assistants and field investigators, particularly Mr. Tusar Kanti Roy and Md. Masum Billah, who were a source of assistance and inspiration for me for the entire period of my research. Finally, I must thank my wife and family, without their encouragement and support this research would never have been completed.
